

LICENSE AGREEMENT

(US Academic Institution Version)

UF Herbert Wertheim College of Engineering Nanoscale Research Facility

THIS LICENSE AGREEMENT (the “Agreement”) is made as of the Effective Date (as defined below) by and between **THE UNIVERSITY OF FLORIDA BOARD OF TRUSTEES** (“Licensor”), a public body corporate of the State of Florida, for and on behalf of its College of Engineering, and Brigham Young University (“Licensee”), a Utah nonprofit corporation.

RECITALS:

A. Licensor owns the *University of Florida Nanoscale Research Facility* (the “Facility”), operated at 1041 Center Drive, Gainesville, Florida 32611.

B. Licensee desires to have access to the Facilities for the respective purposes set forth on Exhibit “A” attached hereto and incorporated herein (the “Purposes”), and Licensor has agreed to grant Licensee a license to use the Facilities for such Purposes, subject to the terms and conditions contained herein.

NOW THEREFORE, in consideration of the foregoing recitals and other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Recitals. The above recitals are true and correct and are incorporated herein by reference.
2. Right of Use. Licensor hereby grants Licensee, and Licensee hereby takes and accepts, a non-exclusive license to use the Facilities, solely for the Purposes and in accordance with, and subject to, the terms and conditions contained herein.
3. License Fee. Licensee hereby agrees to pay a license fee for use of the Facilities (the “License Fee”) based on the respective fee schedules for each Facility attached hereto as Exhibit “B” (the “Fee Schedules”). The Fee Schedules are subject to change, within the sole discretion of Licensor, upon thirty (30) days’ prior written notice to Licensee. Licensee shall also be responsible for all applicable taxes, including but not limited to sales tax, on the Licensee Fee, any provided materials or products, and/or any other taxable transaction or amount. If Licensee is legally exempt from taxes, Licensee will provide a copy of Licensee’s consumer exemption certificate to Licensor simultaneous with the execution of this Agreement.
4. Term. Licensee’s rights under Section 2 above shall commence on the Effective Date and continue for a period of time as established by Licensee’s authorized use and the License Fee paid by Licensee pursuant to the Fee Schedules, up to a maximum of one (1) year from the Effective Date (the “Term”). Upon expiration or termination of this Agreement, Licensee shall remove any equipment, goods, fixtures, and other property that Licensee has placed within the Facilities, provided Licensee repairs any damage caused by such removal. Any equipment, goods, fixtures, and other property that is not removed by Licensee within forty-eight (48) hours after expiration or termination of this Agreement shall be deemed abandoned and may be disposed of by Licensor at Licensor’s sole and absolute discretion. Notwithstanding the foregoing or anything contained herein, Licensor has the right, within its sole discretion, to terminate this Agreement upon seven (7) days’ notice to Licensee for any or no reason whatsoever, and the right to terminate this Agreement effective immediately upon notice (whether

verbal, written, or electronic) to Licensee in the event Licensee breaches any term or provision of this Agreement.

5. Use; Compliance with Laws. Licensee shall at all times comply with all applicable laws, rules, policies, procedures, protocols, and/or regulations (collectively, “Rules and Regulations”) in connection with its use of the Facilities, including but not limited to any of the foregoing related to personal health, hygiene, and safety. Licensee shall not make, suffer, or permit any unlawful, improper, or offensive use of the Facilities, or any part thereof, or cause or permit any nuisance thereon. Licensee agrees to access and use only those areas of the Facilities which have been expressly permitted by Licenser. In the event Licensee or any of its employees, agents, or authorized users violates any of the Rules and Regulations, Licenser reserves the right, within its sole discretion, to immediately revoke such individual’s access to the Facilities and terminate this Agreement.

6. Export Controls. Each party acknowledges that it is subject to, and agrees to abide by, the U.S. laws, regulations, and sanctions controlling the export, release, or transfer of defense articles, defense services, commodity, technology, software, and other items, (hereinafter “export controlled items and information”) including, but not limited to, the Arms Export Control Act (“AECA”), as amended, and enumerated in the International Traffic in Arms Regulations (“ITAR”) (Title 22, CFR Parts 120-130); the Export Administration Act (“EAA”) of 1979, as amended, and enumerated in the Export Administration Regulations (“EAR”) 15 CFR Parts 730-774; and U.S. economic sanctions programs.

The disclosing party shall inform the receiving party if it intends to transmit export-controlled items and information to the other and shall receive written consent from the receiving party prior to such transmittal. Each party shall have the right to limit or decline receipt of export-controlled items and information. Once the receiving party has provided written consent, the disclosing party is responsible for maintaining the security of such export-controlled items and information. Licensee acknowledges that there will be other third-party users of the Facilities and Licensee is responsible for avoiding any transfer of such export-controlled items and information to such third-party users. Furthermore, Licensee acknowledges that Licenser or other third-party users of the Facilities may have employees who are foreign persons, and Licenser shall not be responsible for any Licensee transfer of export-controlled items and information to such foreign persons.

To the extent practicable, the disclosing party shall inform the receiving party of the export classification (ECCN or USML category) of the export-controlled items and information. The disclosing party is not responsible to provide the ECCN or USML classification to the receiving party of any 3rd party export-controlled items or information not exclusively generated, produced, manufactured or resulting from activities performed by the disclosing party. Each party agrees they are responsible to obtain the ECCN or USML category of 3rd party export-controlled items and information from the 3rd party for institutional compliance. Both parties agree that, while it is possible for the disclosing party to request a formal classification ruling and provide such determination to the receiving party, neither party is required by law to do so.

7. “AS IS” Condition; Restoration of Facilities. The Facilities to be used by Licensee for the Purposes stated herein are delivered to, and accepted by Licensee, in their “AS IS” condition and without any warranty or representation whatsoever, express or implied, as to condition or suitability for Licensee’s purposes. Licensee shall be obligated to restore the Facilities to materially the same condition as existed prior to Licensee’s use of the Facilities prior to expiration of the Term, including, without limitation, cleaning all trash and debris from the Facilities.

8. Liability. Licensee agrees to be responsible for any negligent or intentional acts or omissions of Licensee, or its officers, directors, trustees, employees, agents, guests or invitees acting within the scope of their employment by, or agency for, Licensee and related in any way to Licensee's presence at, access to, or use of, the Facilities. In no event will Licensor, its trustees, officers, employees, students, agents or affiliates be liable for incidental, special or consequential damages of any kind, including, without limitation, economic damages or lost profits, regardless of whether Licensor was advised, had other reason to know, or in fact knew, of the possibility of the foregoing.

9. No Assignment or Subcontractors. Licensee may not (a) assign any of its interests in this Agreement, (b) grant any sublicenses to a third party, or (c) utilize or authorize any subcontractors for the Purposes permitted hereunder, without the prior written consent of Licensor, which may be withheld in its sole discretion.

10. No Waiver. The failure of the Licensor to insist, in any one or more instances, upon a strict performance of any of the covenants or agreements in this Agreement, or to exercise any option herein contained, shall not be construed as a waiver or a relinquishment for the future of such covenants, agreements or options, but the same shall continue and remain in full force and effect.

11. Hazardous Substances. Licensee shall not cause or permit any Hazardous Substance (as hereinafter defined) to be used, stored, generated, or disposed of on or in the Facilities without the prior written consent of Licensor. If Hazardous Substances are used, stored, generated, or disposed of on or in the Facilities by the Licensee or its agents, employees, contractors, or invitees, regardless of whether Licensor has granted its consent, or if the Facilities becomes contaminated in any manner through the acts or omissions of the Licensee or its agents, employees, contractors, or invitees, the Licensee shall be solely responsible for any and all necessary actions, investigation, remediation, monitoring, restoration, cleanup, or decontamination, and any related costs, necessary or required to return the Facilities to the condition existing prior to the presence of any such Hazardous Substance in accordance with all applicable laws. As used herein, "Hazardous Substance" means any substance that is toxic, ignitable, reactive, or corrosive and that is regulated by any local government, the State of Florida, or the United States Government. "Hazardous Substance" includes any and all material or substances that are defined as "hazardous waste," "extremely hazardous waste," or a "hazardous substance" pursuant to state, federal, or local government law. "Hazardous Substance" includes but is not restricted to asbestos, polychlorobiphenyls ("PCBs"), and petroleum. The obligations of Licensee contained in this paragraph shall survive the termination of this Agreement.

12. Nature of License; Non-exclusive Use. In no event shall this Agreement constitute a lease or easement or effect the grant to the Licensee or creation in favor of the Licensee of any leasehold or easement estate or other estate in the Facilities. This Agreement is intended and shall be construed as granting a mere license or right of use to the Licensee to use the Facilities pursuant to the terms contained herein. Licensee acknowledges that there may be other companies or people unrelated to Licensor using the Facilities at the same time as Licensee. Licensee shall cooperate with, and act in a responsible manner towards, such other users.

13. Use of Name. Licensee shall not use the name University of Florida, Nanoscale Research Facility, or Major Analytical Instrumentation Center, or any abbreviation, variation or adaptation thereof, or the name of any of Licensor's trustees, officers, employees, students, or affiliates or any trademark or service mark owned by Licensor or an affiliate of Licensor in any written material or for

any promotional purposes or other public announcement or disclosure without the written consent of Licensors, which may be withheld in its sole discretion.

14. Liens. Licensee shall not do or permit anything to be done which purports to create a lien or encumbrance of any nature against the Facilities or against any interest of the Lessor.

15. Inventions, Improvements, and Discoveries. Ownership of any inventions, improvements, or discoveries, patentable or un-patentable, which are conceived or made solely by one or more persons who are employed solely by Licensee, whether developed in the Facilities or through the use of other facilities, equipment, or services, access to which is provided under this Agreement or any other agreement with the Licensors, shall be determined in accordance with the policies of the Licensee. Ownership of any inventions, improvements, or discoveries, patentable or un-patentable, which are conceived or made by one or more persons, all of whom are simultaneously employed or appointed by both Licensors and by Licensee, whether developed in the Facilities or through the use of other facilities, equipment, or services, access to which is provided under this Agreement or any other agreement with Licensors, shall be determined in accordance with the University of Florida Intellectual Property Policy and any applicable provisions of the conflict of interest exemption monitoring plan.

Ownership of any inventions, improvements, or discoveries, patentable or un-patentable, which are conceived or made by more than one person, where at least one such person is employed solely by Licensee and at least one such person is simultaneously employed or appointed by Licensors shall be jointly owned by Licensee and Licensors (with respect to the Licensors, in accordance with the University of Florida Intellectual Property Policy and any applicable provision of the conflict of interest exemption monitoring plan), and all subject to any other applicable agreements.

Notwithstanding any provision to the contrary in the Agreement, Licensors shall retain the right to practice any invention and discovery developed hereunder for its own academic, non-commercial research and teaching purposes. In the case of these Joint Inventions Licensee and Licensors shall negotiate a separate agreement to specify the protection and commercialization responsibilities of Licensee and Licensors.

16. Independent Parties. It is understood and agreed that nothing contained herein is intended or should be construed as in any way creating or establishing the relationship of a partnership or joint venture between the parties in any manner whatsoever and neither party shall have the ability, right or authority to bind the other party to agreements or obligations with another entity.

17. Binding Effect. The covenants and agreements herein contained, shall bind, and the benefits and advantages hereof shall inure, to the respective heirs, legal representatives, successors and permitted assigns of the parties hereto.

18. Governing Law and Venue. This Agreement constitutes a contract under the laws of the State of Florida and shall be construed according to the laws thereof. In the event of any legal or equitable action arising under this Agreement, the parties agree that the jurisdiction and venue of such action shall lie exclusively within the courts of record of the State of Florida located in Alachua County, Florida, and the parties specifically waive any other jurisdiction and venue.

19. Public Records. This Agreement is subject to the Public Records Law of the State of Florida, Chapter 119, *Florida Statutes*. Licensee agrees and acknowledges that any books, documents, records, correspondence or other information kept or obtained by Licensors, or furnished by Licensee to

Licensor, in connection with this Agreement or the activities contemplated herein, and any related records, are public records subject to inspection and copying by members of the public pursuant to applicable public records law, including Chapter 119, *Florida Statutes*. Licensor may terminate this Agreement at any time for Licensee's refusal to allow public access to all documents, papers, letters, or other materials subject to the provisions of Chapter 119, *Florida Statutes*, and made or received by either party in conjunction with this Agreement.

20. Severability. Invalidation of any provision of this Agreement by judgment or court order will not affect any other provision, all of which remain in full force and effect; provided, however, any court of competent jurisdiction is hereby empowered, to the extent practicable, to reform any otherwise invalid provision contained in this Agreement when necessary to avoid a finding of invalidity.

21. Entire Agreement and Amendment. This Agreement represents the entire agreement between the parties with respect to the subject matter hereof, and supersedes all other prior agreements, representations, and covenants, oral or written. This Agreement may not be amended or modified except in writing signed by the parties hereto.

22. Time is of the Essence. Time is of the essence with respect to each party's performance of its obligations under this Agreement.

23. Interpretation. This Agreement was entered into at arm's length and, accordingly, this Agreement shall not be more strictly construed against any one party.

24. Sovereign Immunity. Licensee acknowledges and agrees that nothing contained in this Agreement shall be construed or interpreted as (i) denying to Licensor any remedy or defense available to Licensor under the laws of the State of Florida; (ii) the consent of the Licensor or the State of Florida, or their agents and agencies, to be sued; or (iii) a waiver of sovereign immunity of the Licensor or of the State of Florida beyond the limited waiver provided in section 768.28, *Florida Statutes* (2018).

25. Authority. Both Licensor and Licensee hereby represent that they each have the requisite authority to enter into this Agreement, without the joinder or consent of any other party.

26. Effective Date. The "Effective Date" of this Agreement shall be the date upon which the Agreement is fully executed by all parties.

27. Electronic Signature; Counterparts. This Agreement may be executed by electronic signature in accordance with Florida law, and in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EXHIBIT “A”

Purposes

The Facilities are generally intended for the following Purposes:

The Nanoscale Research Facility (NRF) – Licensee will access the NRF, which consists of a 7500 square feet cleanroom with class 100 and class 1000 bays and non-cleanroom support laboratories, to conduct micro and nanofabrication for micro/nano-electronics, MEMs, solid-state sensors and all related fields of micro- and nano- technology. The equipment/processes available for Licensee’s use includes:

- conventional optical lithography for features greater than 1 um
- e-beam lithography and ion beam lithography for feature definition below 1 um
- plasma dry etching and wet etching
- thin film disposition
- thermal annealing
- wafer dicing and die packaging
- process inspection

Licensee will access the facility for the analysis of materials and particles. The NRF consists of several laboratories and highly sensitive instruments which Licensee will utilize for micro- and nano-scale imaging, elemental analysis, particle size and pore analysis for related material and particle fields of research.

Electronic Record and Signature Disclosure		

DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES

From time to time, the University of Florida (we, us, our, or UF) may be required by law to provide you certain written notices or disclosures and may also choose to provide you with agreements, statements, authorizations, acknowledgments and other documents (collectively, "Documents"). Described below are the terms and conditions for providing such Documents electronically through the UFDocuSign electronic signing system. This supplements all other agreements you have with UF; however, in the case of any inconsistency, the terms herein shall control as applied to your consent to receive and sign Documents electronically through UFDocuSign. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document. If you are agreeing on behalf of a business entity, you also agree that you have the requisite authority to consent to this Disclosure and Consent to Use Electronic Records and Signatures on behalf of the entity.

All Documents may be sent to you electronically

Unless you tell us otherwise, in accordance with the procedures described herein, we may, in our sole discretion, provide electronically to you through the UFDocuSign system all Documents that are required to be provided or made available to you during the course of our relationship. We may always, in our sole discretion, provide you with any Documents in paper form, even if you have chosen to receive it electronically.

Getting paper copies

At any time, you may request a paper copy of any Document provided or made available electronically by us. You will have the ability to download and print documents we send to you through the UFDocuSign system during and immediately after the signing session. To request delivery from us of paper copies of the Document(s) previously provided electronically, you must send an e-mail reply to the sender of the electronic Document(s) and state your e-mail address, full name, US Postal address, and telephone number.

Withdrawing your consent

If you decide to receive Documents from us electronically, you may at any time change your mind and tell us that thereafter you want to receive Documents only in paper format. To indicate to us that you are changing your mind, you must withdraw your consent using the UFDocuSign 'Withdraw Consent' form on the signing page of an UFDocuSign envelope. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically. You will no longer be able to use the UFDocuSign system to receive Documents electronically from us or to electronically sign Documents from us.

If you withdraw your consent, it will become effective only after a reasonable period of time has passed to allow us to process such request. If you elect to receive Documents only in paper format, your withdrawal of consent will have no legal effect on the validity or enforceability of any Documents provided to you in electronic form or electronically signed by you through UFDocuSign prior to the effective date of your withdrawal. Withdrawing your consent means you will be sent and sign Documents in paper form going forward.

To inform us that you no longer want to receive future Documents in electronic form you may:

- i. decline to sign a document from within your UFDocuSign session, and on the subsequent page, select the checkbox indicating you wish to withdraw your consent; or
- ii. send us an e-mail to UF-DocuSign@ufl.edu and in the body of such request state your e-mail, full name, US Postal Address, and telephone number. We do not need any other information from you to withdraw consent.

How to contact UF

You may contact us to let us know of changes to your electronic contact information, to request paper copies of certain information from us, and to withdraw your prior consent to receive Documents electronically as follows:

- To contact us by email send messages to: UF-DocuSign@ufl.edu
- To contact us by paper mail, please send correspondence to:

University of Florida Information Technology
Attn: UFDocuSign Service
P.O. Box 113359
Gainesville, FL 32611-3359

To advise UF of your new e-mail address

You agree to promptly update us regarding any change in your email address so that we may send Documents to you electronically, as needed. To let us know of a change in your e-mail address, you must send an email message to us at UF-DocuSign@ufl.edu and in the body of such request state: your previous e-mail address, your new e-mail address. You also agree to promptly update us regarding any change to your other contact information in the same manner described above.

In addition, you must notify UF to arrange for your new email address to be reflected in your UFDocuSign account by following the process for changing e-mail in the UFDocuSign system.

Required hardware and software

Operating Systems:	Windows® 2000, Windows® XP, Windows Vista®; Mac OS® X
Browsers:	Final release versions of Internet Explorer® 6.0 or above (Windows only); Mozilla Firefox 2.0 or above (Windows and Mac); Safari™ 3.0 or above (Mac only)
PDF Reader:	Acrobat® or similar software may be required to view and print PDF files
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	Allow per session cookies

These minimum requirements are subject to change. If these requirements change, you will be asked to re-accept the disclosure. Pre-release (e.g. beta) versions of operating systems and browsers are not supported.

Acknowledging your access and consent to receive Documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic Documents that we will provide to you, please verify that you were able to read this DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES to an address where you will be able to print on paper or save it for your future reference and access.

Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I agree' box, I confirm that:

- I can access and read this DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES document; and
- I can print on paper the DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES document or save or send it to a place where I can print it, for future reference and access; and
- I agree to the terms and conditions in this DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES document; and
- Until or unless I notify UF as described above, I consent to receive exclusively through electronic means all Documents during the course of my relationship with UF under the terms and conditions set forth in this DISCLOSURE AND CONSENT TO USE ELECTRONIC DOCUMENTS AND SIGNATURES.
